

COGNO 5th ANNUAL SCIENTIFIC MEETING: Tuesday-Thursday, 7-9 August 2012
Neuroimaging: Novel Approaches for Glioma
Sofitel Brisbane, 249 Turbot St, Brisbane

PROGRAM OF EVENTS

Tuesday Morning 7 August : Pre-ASM Meetings		
Venue: St Germain Room		
TIME	MEETING	CHAIR
9.00-9.30	On arrival tea/coffee	
9.30-10.30	Scientific Advisory Committee Meeting (open to COGNO members only)	Mark Rosenthal
10.30-10.45	Morning Tea	
10.45-11.45	Scientific Advisory Committee Meeting (open to COGNO members only) cont	Mark Rosenthal
11.45-12.45	Management Committee Meeting (closed meeting)	Mark Rosenthal
12.45-1.30	Lunch	

Tuesday Afternoon 7 August : Day 1		
Venue: Odeon Room		
TIME	SESSIONS AND SPEAKERS	CHAIR
1.30-1.35	Welcome and Day 1 afternoon program overview	Zarnie Lwin
1.35-3.00	Session 1 - Neuroimaging: Past, Present and Future	Sarah Olson
1.35-2.05	Prof Michael Vogelbaum: Intra-operative imaging and adjuncts	
2.05-2.35	Prof Susan Chang: RANO criteria for LGG and HGG	
2.35-2.45	Paul Thomas: PET Imaging of Gliomas	
2.45-3.00	Panel discussion and Questions Time	
3.00-3.30	Afternoon Tea	
3.30-5.00	Session 2 - COGNO Trials Updates <ul style="list-style-type: none"> • CABARET: Kathryn Field • CATNON: Rasha Cosman • SEED: Meera Agar • EORTC-NCIC-TROG Low Grade Glioma: Gail Ryan • NCIC-TROG Elderly GBM: Mike Fay • Discussion and Question Time 	Vanessa Estall
5:00-5:45	Poster Walk Around: Concorde Room, Level 2	

Wednesday 8 August : Day 2		
Venue: Odeon Room		
TIME	SESSIONS AND SPEAKERS	CHAIR
8.30-9.00	On arrival tea/coffee	
9.00-9.05	Welcome and day 2 program overview	Matthew Foote
9.05-10.30	Session 3 - Neuroimaging: Novel techniques in the targeted era	David Walker
9.05-9.35	Prof Michael Vogelbaum: Targeted drug delivery and imaging	
9.35-9.55	Michael Back : Novel radiotherapy volume delineation and treatment	
9.55-10.15	Prof Susan Chang: Neuroradiology 101	
10.15-10.30	Panel discussion and Question Time	
10.30-11.00	Morning Tea	

11.00-12.30	Session 4 - Low Grade Gliomas: Beyond CE 5.	
11.00-11.40 11.40-12.05 12.05-12.20 12.20-12.30	Prof Susan Chang: Chemotherapy for LGG Prof Michael Vogelbaum: Surgery for LGG Eng-Siew Koh: Late treatment effects on Neurocognition Discussion and Question Time	Elizabeth Hovey
12.30-1.30	Lunch	
1.30-2.30	Session 5: Translational Research: Including selected oral abstract presentation	
1.30-1.40 1.40-1.50 1.50-2.00 2.00-2.10 2.10-2.20 2.20-2.30	Kerrie McDonald: Reprogramming cellular metabolism is a promising therapeutic strategy for glioblastoma Brett Stringer: Modelling GBM heterogeneity for cancer gene discovery and the development of novel therapies. Terry Johns: New therapeutic targets in glioma Prof Michael Vogelbaum: Myeloid derived suppressor cells and tumour induced immunosuppression in GBM Angus Harding: Glioblastoma tumours can harbor a subset of polyploid cells that are resistant to conventional therapy and may increase the adaptive capacity of patient tumors Michael Back: The role of [18F]fluoroethyl-L-tyrosine (FET) PET to aid radiation target volume determination of non-enhancing glioma	Brett Stringer
2.30-3.30	Session 6: Comprehensive Cancer Care: Including selected oral abstract presentation	
2.30-2.40 2.40-2.50 2.50-3.00 3.00-3.10 3.10-3.20 3.20-3.30	Marcia Fleet: Challenges for Care Co-ordinators and Barriers to Clinical Trials Tamara Ownsworth: Neuropsychology support for long term survivors Dianne Legge: Living with Cancer Prof Susan Chang: Integrating Caregivers' Experience in the Care of Patients Gail Robinson: Cognitive Assessment following Brain Tumour Resection Discussion and Question Time	Sarah Thompson
3.30-4.00	Afternoon Tea	
4.00-4.30	COGNO Annual General Meeting (open to COGNO members only)	Mark Rosenthal
7.00-11.00	COGNO Conference Dinner: Jade Buddha	
Thursday 9 August : Day 3 – Joint MOGA / COGNO Symposium		
Targeting Cancer From Diagnosis To Cure		
Venue: See below		
TIME	SESSIONS AND SPEAKERS	CHAIR
7.30-8.30	MOGA Concurrent Breakfast Sessions Concurrent Breakfast 2: Prof Susan Chang- Challenges in Targeted Therapies for Glioma Venue: Bastille Room	Kathryn Field
8.45-9.00	Welcome to Country: Traditional Ceremony MOGA Opening Ceremony: Governor of Queensland Venue: Le Grand Ballroom	
9.00-10.45	Symposium 1: Contemporary Management of Brain Mets	
9.00-9.30 9.30-9.55 9.55-10.25 10.25-10.45	1. Mustafa Khasraw: Targeting Brain Metastases 2. Matthew Foote: Moving beyond whole brain radiotherapy 3. Prof Michael Vogelbaum: Clinical trials for patients with brain metastases 4. Case based panel discussion Venue: Le Grand Ballroom	Zarnie Lwin
10.45-11.15	(COGNO Close) and Morning Tea
